Requirements

- Grants are available to individuals and organisations.
- Individuals must be resident in the parish.

- Recipients of grants must be:
 - non-profit making and
 - must be able to show that they benefit (although this does not have to be exclusively) persons living in Slaley Parish.
- Grants may be approved subject to such conditions as the Council sees fit (e.g., matched funding requirements).
- Membership of applicant organisations must be open to all residents of Slaley Parish although some restrictions may be considered (e.g., restrictions based upon age) where full details will be required.
- Grants to churches can be made but not to promote religious activities or for purposes which would only benefit church members and other religious organisations.
- Grants cannot be made where another authority/central government has a statutory obligation to supply funding.
- All grant recipients will be required to provide feedback to the community and complete a report detailing the outcome of the grant within 12 months of receipt. Typically, we would like them to attend the next following Annual Parish Meeting and show the use to which the grant moneys have been used and be prepared to answer questions from Councillors and the general public as regards their activities.

Important

- All grants come from the Parish Precept which is part of the Council Tax and applicants need to be aware that Council has a limited amount available each year to provide grants.
- All grants are at the discretion of Council, and it should not be assumed that by submitting the application and supporting documentation that a grant will be made. It may also be the case that the Council will only approve part of the requested amount and/or subject to conditions.
- Applications can be made for general funds, a specific project or as part funding of a specific project. If awarded, the grant should be used for the purpose(s) specified.
- All applications must be submitted using the Parish Council's application form.
- For organisations, the latest statement of accounts must be included before an application will be considered together with any other documentation specified in the application form.
- Information to support your application should be included – e.g., quotes for equipment or plans for any building/construction work.
- Failure to provide full financial and all other required information will normally result in no grant being made. The Council will only consider the information submitted at the time of the application and not revert to the applicant for further information. It is therefore in the interests of any applicant to ensure their application contains the fullest possible information.
- Proof of the bank account where the grant is to be paid, must be included for both group and individual applications. This could be a recent bank statement.
