**5. Public Participation.**

a) PC D Kidd informed the meeting that there was a new National non-emergency telephone number to get in touch with the Police. 101. The number we had used on our Play area notice and news-sheet was a more direct telephone number, which may also be about to change.

b) PC Kidd outlined “Community Watch”, still at the drawing board stage. If adopted would work along the same lines as ‘Neighbourhood Watch’ and ‘Farm Watch’ with a newsletter being sent to email addresses when a community worry was identified (e.g. door to door salesmen legitimate and illegitimate). **The Parish Council was very supportive of this imitative and would help in getting involvement from people of Slaley parish.**

**6. Community Trust Report**

Catherine Lincoln made a verbal report. CT looking into community purchasing of heating fuel. CT providing funding to move the old ‘Teasdale’ headstone from the west wall of the church into the church porch. ## **11. Update games/play area within school grounds:**

- a) Numerous email correspondence between CL, SM & PC as the sport and play area neared completion.
- b) 'Topsign' produced two new signs and fitted to school building and fence. It would appear that the telephone number used may need changing if Northumbria Police change their internal telephone numbers.
- c) David Hunt from Environmental Services will undertake a twice-weekly inspection of the play and sport facilities. 9 items at 95 per item = £8.55 x 2 = £17.10 x 52 weeks £889.20 (next winter when the novelty of the new equipment has worn off this could be reduced to a once weekly inspection increasing to twice weekly during the lighter evenings. 'Playdale' 2006 equipment 5 pieces. (6) New Multi Goal. (7) Play yard because this is used to access all the equipment. (8) Climbing frame and safety surface (9) Bicycle track. Paul Turnbull and David Robson did a check of the site on Friday December 9<sup>th</sup> and they identified several areas that need attention before the site is officially opened. This was emailed on 9/12/11.

- e) Clerk has spoken with Neighbourhood Police Team about a Police presence on the school field after dark – the email complain from a neighbour was read to the meeting. PC Kidd confirmed that the Police are checking around the school whenever possible.
- f) CL is arranging an official opening sometime in mid January with the school children being the openers. Stella Dougals who organised the Playdale equipment on behalf of FOSS will be asked as will everyone who has had an input into the new equipment. PC Kidd confirmed that a NPT member would be available to join the official photograph for the opening of the Sport and Play area.
- g) CL reported that the school is discussing the removal of the willow dragon as its branches have become dangerous. The willow dragon site would be a good position for an outdoor table

tennis table. Prices, consent from school and funders needs to be confirmed before action is taken on this.

h) Cllr Hanock has spoken with Mrs Ross and she is keen to retain the agreed tennis facility though the school staff could not undertake the erection and removal of the posts and nets. The need to remove and store the net, posts, bats and balls was discussed and the school was not averse to a small metal/wooden cabinet being placed on the grassed area near the equipment wooden huts, purely for storage of tennis equipment. A local rota may need to be established for the setting up and taking down of any tennis equipment, however, it would seem more sensible if the tennis players tidied away the equipment after use.

i) CL produced an up to date balance sheet of the Sport and Play Area.

j) Cllr Hancock has spoken to neighbours at Laburnum Lodge about screening trellis between the school hedge and Laburnum Lodge. The residents of LL to get two quotations for the work if this wish to carry the project further and Cllr Hancock told the meeting that the PC would be required to cover any cost.

k) School printed 300 copies of the agreement for use of the school field. These were distributed within the December 2011/January 2012 News Sheet. PW asked about spare copies there are 10. CL volunteered to ask Michael Elphick to have the document printed on the web site and CAB was asked to forward a copy to Dougie Kidd for the Neighbourhood Police Team. When the school invoices the PC for the photocopying it should be a very small amount therefore the Clerk will pay cash and include it in her annual expenditure.

## **12. The Charter**

Cllr. Hancock read and reported a response (incorporating the responses made by Councillors during circulation) circulated by email. Councillors to read and report any alterations by 16<sup>th</sup> then the reply will be sent.

## **14. Precept**

**School Grounds:** GMS strimming £300. Environmental Services twice weekly inspection £889.20

Certain expenditures are still needed for this (parish grass cutting quote (forward tender details to GSM) Play and Sport equipment insurance. Annual play and sport equipment inspection, Clerk's salary)

Provision for paying grants was also discussed. £2,100.00 was allocated in the Precept for 10/11 with only £270.00 being paid. (leaving a carried forward of £1,830.00 grant allocation) No allocation was made in the Precept for 11/12. Therefore the only option is for permanent TROs on the routes. It was reported in the Hexham Courant of 9/12/11 that the new agent is Smiths Gore
