

## **Slaley Parish Council online activity report May 2021**

### **Website**

The Parish website is hosted by Rocketspark for which we pay an annual fee. Cllr. Taylor and Mrs Wilson the Parish Clerk have access and edit where necessary and Cllr. Douglas has worked to re design and update pages.

During the pandemic the site was kept bright and relevant. Information for the Pyramid of Care was posted between March 2020 and March 2021. The top tickertape on most pages now scrolls with photographs of Slaley. Pictures of the snow clearing (with appropriate thanks to volunteers), tree planting and the silent auction have been added. Slaley Commemoration Hall page is fresh and informative thanks to Cllr. Taylor. Videos of the SCH200Club draws have drawn interest.

All groups and organisations who post on the site have been contacted this year and all pages refreshed when requested. The Slaley News pdf has been given a prominent position. Redundant pages have been removed and stored. The Parish Directory is an on-going project. Picture tiles have replaced most of the lists so that the page looks more interesting. The update should be complete by the end of May and will be updated frequently.

There has been a significant increase in hits on the site and this forms the basis for future plans. The website is a good parish resource and as Cllrs. we need to promote its use where possible. Healey PC has a part of the website and they could send pictures which could make their pages more attractive: Cllr Douglas has asked Healey Parish Clerk to bring this up with Healey Cllrs.
